Survey Opportunity, Deadline Thursday, May 17 - Thoughts on the Third High School - *posted 05/04/07*

The HSCIN conducted a [survey in November and December of 2006 regarding the use of the 1-cent Jefferson County Sales Tax proceeds](#). The majority of respondents indicated that building the third high school should be the number one priority in spending that revenue. Superintendent Andy Craig expended the entire \$80+ million in debt reduction, freeing up approximately \$10 million per year in current debt service.

The need for a plan to accommodate Hoover's growing high school population is now. We would appreciate your input in our latest survey.
